

How do I extend my trial?

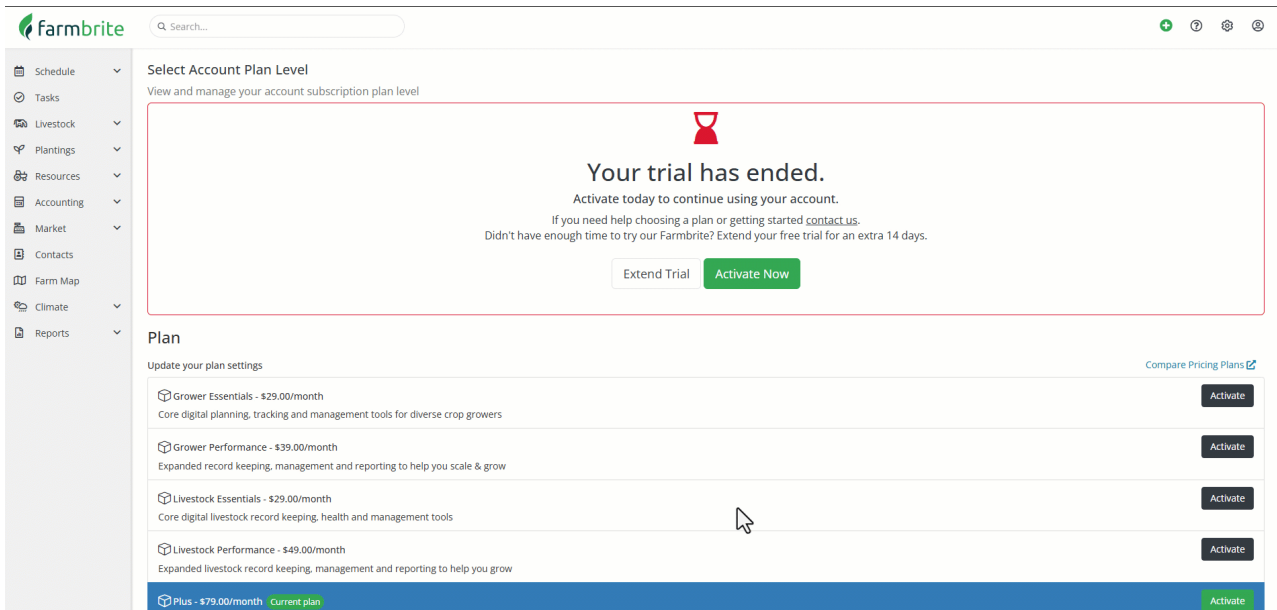

Last Modified on 03/04/2025 11:41 am MST

We're happy to extend your trial!

We understand that running an agricultural operation is busy and unpredictable, and sometimes, finding time to thoroughly explore new software can be a challenge. That's why, if you need more time to review the features and capabilities of our software before making your decision to subscribe, we're happy to extend your trial. We want to ensure that you have the opportunity to fully evaluate how our Farm Management Software can benefit your operation without feeling rushed.

If your trial expires and you haven't had the chance to explore all the features, don't worry! Once the trial period ends, you'll have the option to easily extend it. Simply log in to your account, and when prompted, click the "Extend Trial" button. This will automatically add an additional 14 days to your trial, giving you plenty of time to dive deeper into the software at your own pace.

We're committed to helping you get the most out of your trial experience, and we want you to feel confident in your decision before subscribing. If you have any questions or need assistance along the way, our team is always here to help. Take the extra time you need, and we look forward to supporting your farm's success!

The screenshot shows the Farmbrite user interface. At the top left is the Farmbrite logo and a search bar. A sidebar on the left contains navigation links for Schedule, Tasks, Livestock, Plantings, Resources, Accounting, Market, Contacts, Farm Map, Climate, and Reports. The main content area is titled "Select Account Plan Level" and includes a sub-header "View and manage your account subscription plan level". A large red-bordered box in the center contains a message: "Your trial has ended. Activate today to continue using your account. If you need help choosing a plan or getting started [contact us](#). Didn't have enough time to try our Farmbrite? Extend your free trial for an extra 14 days." Below this message are two buttons: "Extend Trial" and "Activate Now". Below the message box is a "Plan" section with the heading "Update your plan settings" and a "Compare Pricing Plans" link. It lists five subscription plans, each with an "Activate" button:

Plan Name	Price	Description	Action
Grower Essentials	\$29.00/month	Core digital planning, tracking and management tools for diverse crop growers	Activate
Grower Performance	\$39.00/month	Expanded record keeping, management and reporting to help you scale & grow	Activate
Livestock Essentials	\$29.00/month	Core digital livestock record keeping, health and management tools	Activate
Livestock Performance	\$49.00/month	Expanded livestock record keeping, management and reporting to help you grow	Activate
Plus	\$79.00/month	Current plan	Activate

You can also contact us [here](#) to ask for additional time if you have already extended the trial once. Reach out, we are glad to work with you and help with what you need.
