If you want to cancel your account that's no problem. You can do that on the Billing page of your account.

- Go to the "Account" tab at the top right which is visible on most pages.
  - Select "Billing"
  - At the top of the page, in your account summary go to Account Status, tab over to "Cancel your account" and select cancel.
  - If you have any questions you can contact us and we can help you update this information.
