

# Filtering your Data

Last Modified on 01/19/2022 9:15 am MST

## Using the filters in Farmbrite

Filtering is a way to sort your data within Farmbrite. Use the filters button to sort through your many animals. Under the search text box you will find a box that says, "filters". Click this and it will open up many fields for you to select to filter your data. Add search criteria like breeding status, keywords, animal type, breed, withdrawal date, date of birth and much more. Apply the search and Farmbrite will filter your data. Making it useful to find specific types of animals quickly.

If you need to start over, just click, "Clear filters" and you can reselect whatever filters you need or see all your animals again.

The screenshot shows the Farmbrite interface for the 'Animals' section. It includes a sidebar with navigation options like Schedule, Tasks, Livestock, Animals, Groups, Grazing, Inventory, Crops, Resources, Accounting, Market, Contacts, Farm Map, and Reports. The main content area features two pie charts: 'ANIMAL TYPES' and 'BREEDING STATUSES'. The 'ANIMAL TYPES' chart shows the following distribution: Cow (53.13%), Other (9.38%), Sheep (9.38%), Bison (9.38%), Goat (8.22%), Pig (3.12%), Bees (3.12%), Bull (3.12%), Alpaca (1.56%), and Ewe (1.56%). The 'BREEDING STATUSES' chart shows: Open (27.91%), Exposed (27.91%), Pregnant (6.98%), and Unknown (37.21%). To the right, a 'GRAZING INFO' summary shows 38 animals grazing and 9 fields being grazed. Below these charts is a search bar for 'Search Livestock' with a 'Filters' button. A purple arrow points from the 'Filters' button to a table of animals. The table has columns for ANIMAL, TYPE, GENDER, AGE, and STATUS. The table lists the following animals:

ANIMAL	TYPE	GENDER	AGE	STATUS
Peppermint <small>Alpaca</small>	Alpaca	Female	3 months	Active
Bubba <small>Belted Galloway</small>	Bull - Belted Galloway	Male	4 years	Active
H45 <small>Holstein</small>	Bull - Holstein	Male	2 years	Active
Layer Hens	Chicken - Layer			Active
Angus Male <small>Angus</small>	Cow - Angus	Male	12 months	Active

In the GIF below you can see that you can find specific animals by sorting or using the different filters within your account.
