

# Printing Animal History

Last Modified on 09/10/2024 10:47 am MDT

Occasionally, you may want to print a full record of an animal's history; its records, throughout its life and time on your farm.

You can access a full animal history that includes notes, feedings, measurements, genealogy records, past grazing history, and a lot more by using the View Datasheet feature on an animal record. You might use this when selling an animal if you'd like to provide the buyer with a full profile of the animal's care and history.

You can access this by clicking the actions button on an individual animal record, and selecting View Datasheet. Scroll through the sheet, and you'll find lots of information about the animal. Use the print button at the to print it.

You might also consider saving the document as a PDF as well. This is an easy step that you can take which you can email to your customer at a later time or print out to give them when they come to pick up the animal.

The screenshot shows the Farmbrite web application interface. On the left is a sidebar with navigation icons and labels: Schedule, Tasks, Livestock, Animals, Livestock Groups, Grazing, Plantings, Resources, Accounting, Market, Contacts, Farm Map, Climate, and Reports. The main content area is titled 'Livestock / Bronson [CFLS003]'. It features a profile card for 'Bronson [CFLS003]' with a status of 'Active'. Below this are three sections: 'Basic Information' (Name or Label: Bronson, Animal Type: Bison, Tag Number: CFLS003 - Red Left Ear, Status: Active, Location/Paddock: Bison Breeding Enclosure (Animal Enclosure)), 'Physical Characteristics' (Sex: Male, Weight (lbs): 992.0 lbs (0.99 AU), Height (in): 56.0, Framescore: -, Condition Score (BCS): Add BCS, Last Measured: Mar. 28, 2024), and 'Birth Information' (Age: 3 years, 2 months, 28 days, Birth Date: Jan. 01, 2021, Siblings: 0 direct (5 total), Maternity (Dam): Buffalo A Surrogate - Stampede (123), Paternity (Sire): Bliff Buff, Offspring: View offspring). On the right, a 'Recent Activity' table lists events such as 'Moved to bison breeding enclosure', 'Breeding bronson with bison 23', and 'weighed 992.0'. At the top right of the main area are icons for search, add, edit, and print, along with a 'Record Activity' button.
